ADDITIONAL INFORMATION FOR AHMEK & WAPOMEO CAMPERS

- Cotton retains 40% insulation, while wool retains 80% insulation when wet
- Younger campers may need more sheets, underwear, pyjamas, and/or plastic bed sheets.
- While in camp, we advise that campers use sheets and blankets as bedding for their cabin bed. A sleeping bag is best suited for tripping. Both items are considered essentials.
- Raingear should be easily accessible in case of inclement weather while arriving at camp
- All clothes should be machine washable.
- Laundry for campers is done every 8-9 days on a cabin group and section basis. The laundry is collected in the morning and is back to the camper that night. It is imperative that all articles be plainly marked with the camper's name. We recommend iron on labels or labels such as Mabel's Labels.
- We would like to point out the probability of loss or damage to camper belongings and suggest that campers avoid bringing expensive and/or valuable items to camp. Items such as cameras and watches should be relatively inexpensive and waterproof. Cell phones and other electronics should not be brought to camp. We emphasize the need for positive identification on each article. The camp is not responsible for any articles brought to camp.
- We strongly ask that camper valuables including money, passports and cell phones be deposited to the camp business office safe. Campers can access their money if needed but all other items will be returned at the end of the session. Please ensure that your camper is aware of this and knows to bring their valuables to their counsellor or section director upon arrival.
- For packing all your camper's items, we recommend a large duffel bag (i.e. hockey bag) and enclose this list to help them pack upon returning home. For a Try Out Camper, 1 duffel bag should fit all. For all other campers, it is common to have 1-2 duffel bags, as canoe trip gear is also required. Trunks should be avoided! International campers are welcome to use rolling suitcases if this makes travelling easier.
- Please be advised that flip flops and sandals are not encouraged as they can lead to foot injuries.

Stores we recommend for camp shopping include (but are not limited to):

Atmosphere
Mountain Equipment Co-op (M.E.C)
SAIL
Camp Connection
Recreational Equipment Incorporated (R.E.I)

For International Campers who need Transport Canada Approved Lifejackets, we recommend ordering from amazon.com and shipping to the P.O Box address found in the Camp Guide on the website.

SEE YOU ON CANOE LAKE!
